

Why Should We Use CI/CD for UdaPeople App

Fikri Helmi Setiawan

It can create revenue!

By implementing CI/CD for our UdaPeople App, we can gain:

- Less time to market
- New value-generating features released more quickly

It can protect revenue!

By implementing CI/CD for our UdaPeople App, we can:

- Reduced downtime from a deploy-related crash or major bug
- Quick undo to return production to working state

It can control costs!

By implementing CI/CD for our UdaPeople App, we have/can:

- Less bugs in production and less time in testing
- Prevent embarrassing or costly security holes
- Less human error, Faster deployments

It can reduce costs!

By implementing CI/CD for our UdaPeople App, we have/can:

- Less developer time on issues from new developer code
- Less infrastructure costs from unused resources
